### Summary

Results-driven DevOps Engineer with 7 years of experience automating and streamlining IT operations. Skilled in cloud computing, CI/CD pipelines, and infrastructure as code. Experienced in implementing scalable and reliable systems for high-traffic web applications.

### Education

#### University of Washington

Bachelor of Science in Computer Engineering  
Sep, 2013 - Jun, 2017

### Technical Skills

Cloud Computing, AWS, Azure, Google Cloud Platform, Docker, Kubernetes, Terraform, Jenkins, Ansible

### Soft Skills

Problem-solving, Collaboration, Communication, Time Management

### Additional Skills

Automation, Infrastructure as Code, Continuous Integration/Continuous Deployment

### Languages

English, Spanish

### Certifications

- AWS Certified DevOps Engineer
- Certified Kubernetes Administrator

### Work Experience

#### CloudWorks

Senior DevOps Engineer

Jul, 2017 - Aug, 2022

CloudWorks provides cloud consulting and managed services for businesses.

- Designed and implemented CI/CD pipelines for 20+ projects, reducing deployment time by 50%.
- Automated infrastructure provisioning using Terraform, resulting in cost savings of 30%.
- Implemented monitoring and alerting systems to ensure high availability and reliability.
- Led migration of legacy systems to AWS cloud infrastructure.

#### TechOps Solutions

DevOps Engineer

Sep, 2022 - Mar, 2024

TechOps Solutions specializes in providing DevOps solutions for startups.

- Implemented Kubernetes cluster orchestration for containerized applications.
- Optimized Docker images and container configurations for improved performance.
- Automated infrastructure scaling based on application load using AWS Auto Scaling.
- Provided technical guidance and mentorship to junior engineers.
